

DRIVING THE FUTURE WITH HPC AND AI INNOVATIONS IN SMART SPECIALIZATION AREAS IN MONETENGRO

The EuroCC project, funded by the EuroHPC Joint Undertaking
National Competences Center, Montenegro

10:00-10:15

Welcome and introduction speech

Prof. dr Veselin Vukotić, Rector University of Donja Gorica

10:15-11:30

PANEL: moderator

Prof. dr Milica Vukotić

Tomi Ilijaš, Arctur,

Slovenia,

HPC/AI Innovations in tourism 4.0

Stevan Čakić,

PhD Student,

Faculty of Information System and Technology, University of Donja Gorica

AI/ML Computer Vision for the Next generation hen farms - AIMHIGH,

FF4EUROHPC experiment,

Sanja Nikolić,

PhD student,

Faculty of Economics, University of Montenegro,

HPC potential for development, Montenegrin Industry

11:30-11:45

Coffee break and discussion

11:45-12:45

PANEL: moderator

Prof. dr Tomo Popović

Prof. dr Srđan Krčo,

Dunavnet, Serbia,

Smart Solutions in Agriculture and Food Value Chain Driven by AI and HPC

Prof. dr Almir Badnjević,

VERLAB, Bosnia and Hercegovina,

HPC/AI supported and medicine of the future

Milutin Pavićević,

MSc, Faculty of Information System and Technology,

AI for the energy sector: Forecasting day-ahead electricity metrics with machine learning

12:45-13:15

OPEN QUESTIONS AND DISCUSSION
