

EuroCC Training Event, February 22, 2024
High Performance Computing, High Performance Data Analytics,
and Artificial Intelligence Workshop

28th International Information Technology IEEE Conference IT 2024, Žabljak, Montenegro

Zoom link:	→ Click here
12:45 - 13:00	Welcome note from NCC Montenegro <i>Prof. dr Milutin Radonjic, University of Montenegro</i>
13:00 - 13:30	Empowering Industry with Advanced Computing: A guide to Strategy and Best practices in Stakeholder Engagement <i>Panayiota Katsamba, NCC Cyprus</i>
13:30 - 14:00	HPC Use Cases in Slovenia <i>Tomi Ilijas, Industry Use Case, HPC4SME</i>
14:00 - 14:45	AI/HPC Industry Use Cases in Montenegro <i>Ivan Bošković, Itas, Montenegro</i> <i>Ivan Šoć, Fivegroup & Association of Montenegrin Managers, Montenegro</i> <i>Marko Lekić, Fleka, Montenegro</i> <i>Luka Filipovic, University of Donja Gorica, Montenegro</i>
14:45-15:00	Coffee Break
15:00 - 15:30	Driving Innovation: NCC Türkiye's Strategies in Industry Collaboration and PoC Studies <i>Özlem Sarı / Sevil Sarıkurt, NCC Türkiye</i>
15:30 - 16:00	Synergizing High-Performance Computing in Romania: Strategies for Industry Integration and Innovative Use Cases <i>Andreea Dinu, Sebastian Muraru NCC Romania</i>
16:00 - 16:30	HPC Industry Use Cases in Netherlands <i>Carlos Teixeira Barjas, Andrea Moga, NCC Netherlands</i>
16:30 - 17:00	HPC Use cases in N. Macedonia <i>Petre Lamevski, NCC North Macedonia</i>
17:00 - 17:15	Questions and Answers, Discussion
Moderators	<i>Prof. dr Tomo Popović, University of Dojna Gorica, Montenegro</i> <i>Prof. dr Enis Kočan, University of Montenegro</i>
